25 July 2019

Dear Sir/Madam,

### **PORTS NORTH ENVIRONMENTAL AWARDS 2019**

Ports North is responsible for the development and management of the declared Ports of Cairns, Cape Flattery, Karumba, Mourilyan, Skardon River, Quintell Beach, Thursday Island, Burketown and Cooktown.

Our organisation strives for excellence in environmental management and has high standards and expectations in relation to environmental performance of our Port operations.

Ports North is keen to encourage students in the environmental and science areas and is proud to be a sponsor of the Far North Queensland Environmental Awards, which is a joint initiative of Education Queensland, North Queensland secondary schools and the Business Liaison Association.

We believe the Awards will -

- foster a greater awareness of issues effecting the local and regional coastal environment;
- promote and encourage careers within the environmental and science industries; and
- give students experience in collecting samples and analysing environmental subject matter

Attached is the prospectus for the 2019 Ports North Environmental Awards.

Should you require any additional information please contact Mr Adam Fletcher, Ports North's Environment Manager on 4052 3820 or Ms Allison Sneddon of Redlynch State College on (07)4039 9205.

Ports North looks forward to your schools' participation in this Award Program.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Kerry Egerton", with a stylized flourish at the end.

Kerry Egerton
